

Repeat Prescriptions

Every Little Helps

Wasted or unused medicine is a serious and growing problem within the NHS.

Together we can play a part in making a difference.

- ✓ Order your prescriptions only when you need them.
- ✓ Take a look in your medicine cabinet to see what you actually need. You may have ordered extra last time and forgot.

It is estimated that as much as

£300million

is wasted every year on unused or partially used medication

From **16th June** we will no longer accept repeat prescription requests from Pharmacies.

Order your repeat prescription at reception using the B side of your script

Or by using the online patient access service (ask at reception for details)

Or by post to our address:
Vauxhall Medical Centre,
Limekiln Lane L5 8XR
